The amendment filed on 7/14/2004 canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because claim 20 as presented is directed to a stick on sheeting on as broadly claimed and not to an exercise device stick on sheeting in and of itself would not be examined in class 482.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Newly submitted claims 20 and 48 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The applicant originally elected the invention of an exercise device specifically claiming a sports board.

The applicant additionally elected an apparatus not a method.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 20-49 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
